Invitation

Dear colleagues,

On behalf of the organizing committee, we invite you to the **6th International Course of Experimental Vascularised Living Flaps Dissection with Clinical Applications in Limbs Reconstruction**, which will take place at the Laboratory of the Experimental & Research Center of the **ELPEN PHARMA CO. INC.** from February 9th to February 11th, 2012.

The course is organized by the **Orthopedic Surgery & Hand Upper limb and foot Reconstructive Microsurgery Dept, IASO-General** and the **Experimental & Research Center of the ELPEN PHARMA CO. INC.** in collaboration with the Romanian Society for Reconstructive Microsurgery, the University of Medicine & Pharmacy of Cluj-Napoca-Romania and the Torino Interdivisional Group for Microsurgery (GIM) UOD Reconstructive Microsurgery Unit.

The opening ceremony will be held on the 9th of February 2012 in Mati Hotel, Mati-Attica. The practical and theoretical sessions (clinical applications in the form of lectures) whose duration will be two days will take place at the Experimental & Research Center of the **ELPEN PHARMA CO. INC.** from February 10th to February 11th, 2012. The practical sessions, will be performed in living tissue (pigs). Distinguished Greek and Foreign speakers will participate in the course. The number of trainees in the practical sessions will be 30, while 50 trainees will have the opportunity to attend from the amphitheater with the ability to communicate with the experimental lab. Both the practical and the theoretical sessions will be conducted by distinguished Greek and Foreign colleagues.

Hoping that this course will be another constitutive chance of practical training with clinical applications in the field of reconstructive microsurgery, we invite you to participate.
